PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing dust. Avoid contact with skin, eyes, or clothing. **Do not allow children or pets into treated areas.**

Use only when wearing the following personal protective clothing during loading, application, repairing and cleaning of application equipment, and disposal of the pesticide: long sleeve shirt; long-legged pants; shoes and socks; gloves.

IMPORTANT! If pesticide comes in contact with skin, wash off with soap and water.

ALWAYS WASH HANDS, FACE, AND ARMS WITH SOAP AND WATER BEFORE USING TOBACCO PRODUCTS, EATING, DRINKING, OR TOILETING.

FIRST AID IN HUMANS

IF SWALLOWED

Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.

IF ON SKIN

Wash with plenty of soap and water. Get medical attention.

IF IN EYES

Flush eyes with plenty of water. Call a physician if irritation persists.

FIRST AID IN ANIMALS

IF SWALLOWED

Immediately call 1-800-347-8272 (Starbar®) or a veterinarian.

IF ON SKIN

Wash affected areas with soap and water.

IF IN EYES

Flush eyes with plenty of water.

NOTE TO PHYSICIAN/VETERINARIAN

Methomyl is a cholinesterase inhibitor. Atropine is antidotal.

Do not contaminate feed and foodstuffs. Do not use the can opener used to open this product on food containers. Use a separate can opener. Do not apply where poultry or other animals, especially dogs and young calves, can pick it up or lick it. Do not use in homes or where milk is processed or stored. Do not feed treated garbage. Use only in areas inaccessible to food-producing animals, children, and pets.

Do not use in edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is present.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to birds. Collect, cover, or incorporate granules spilled on the soil surface. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

GOLDEN MALRIN® Fly Bait is a fly bait formula containing **Muscamone®** Fly Attractant which encourages both male and female flies to remain in the treated area, thus feeding on the bait. It may be used daily or as needed to provide initial knockdown and reduction of fly populations.

GOLDEN MALRIN FLY BAIT IS NOT TO BE USED INSIDE OR AROUND HOMES, OR ANY OTHER PLACE WHERE CHILDREN OR PETS ARE LIKELY TO BE PRESENT.

SCATTERBAITS

Use **GOLDEN MALRIN Fly Bait** as a scatterbait only around the outside of certain commercial agricultural production facilities where children or pets will not be present, specifically feedlots, broiler houses, and livestock barns. Bait may be used on walkways in caged layer houses.

GOLDEN MALRIN Fly Bait may also be used as a scatterbait around the outside of the following commercial facilities: canneries, beverage plants, meat and poultry processing plants, food processing plants and commercial refuse dumpsters which are fenced or otherwise enclosed. Do not use around commercial dumpsters which are not enclosed. Do not use around dumpsters in residential settings.

To avoid contact, distribute bait directly from container or other device at the rate of approximately 1/4 lb [4 oz] per 500 sq ft of fly feeding area. DO NOT PUT IN PILES. Keep 1 to 2 inch intervals between particles. Do not allow food-producing animals or pets to have access to treated areas.

BAIT STATIONS

Use **GOLDEN MALRIN Fly Bait** in any commercial bait station secured at least 4 feet from the ground and inaccessible to food-producing animals, pets, and children in the following areas: stables, outside of milking parlors, kennels, fast food establishments, restaurants, commissaries, bakeries, supermarkets, refuse dumpsters, and warehouses. Use at the rate of approximately 4 oz [1/4 lb] per 500 sq ft.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE DISPOSAL

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL

Completely empty by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of in a sanitary landfill or by incineration if allowed by state and local authorities.

Seller makes no warranty, express or implied, concerning the use of the product other than indicated on the label. Buyer assumes all risk of use and handling of this material when such use and handling are contrary to label instructions.

For information or in emergency (24 hrs)
