F370

American Brand Magnesium Sulphate is an effective, soluble source of Magnesium that helps prevent and control Chlorosis (yellowing of plant foliage due to Magnesium deficiencies). American Brand Magnesium Sulphate will also help encourage white blooms on Hydrangeas. This product can be applied as a foliage spray or as a soil treatment.

DIRECTIONS FOR USE

Foliage Spray: Mix 2 tablespoons per 1 gallon of water. Apply with any sprinkling can, sprayer or hose feeder. Soak entire plant thoroughly.

Soil Application: Apply at the rate of 1 lb. per 100 sq. ft. and water in thoroughly.

Bloom Feeding for Hydrangeas: Make application as recommended above to help encourage white blooms.

This product is not intended for nor recommended for container grown plants.
